PressureGuard® **Custom Care®**

Better surface. Better care.

If you're considering a non-powered reactive pressure redistribution surface, choose the one that is designed to outperform the others. Span-America's PressureGuard® Custom Care® surface provides effective, non-powered pressure redistibution through its outstanding combination of a zoned, shear-reducing, engineered outer shell surrounding a reactive support chamber system.

Custom Care's unique Metered Immersion™ design reacts to changes in surface loading through a series of interconnected longitudinal support chambers. As the user moves or repositions on the surface, the chambers below react in concert – deflecting, transferring air, and venting – in relation to the user's weight and position. The result is a blend of pressure management, shear reduction, comfort, and ease of operation not achievable with other nonpowered systems.

Therapy Provided

✓ Non-powered (Air) Reactive Pressure Redistribution

OUICK FACTS

Indications:

- Prevention of single Stage 1-4 and multiple Stage 2 pressure injuries
- Treatment of uncomplicated (non-complex) stage 3 and 4 pressure injuries with multiple turning surfaces¹
- Can be positioned off the injury in a least 2 positions¹
- Prevention for high risk and/or severely compromised
- History of previously healed pressure injuries
- Can be repositioned frequently
- Poorly padded boney prominences

Key Advantages:

- Minimal shearing through Geo-Matt® surface geometry and Shear Transfer Zones® on bi-directional stretch cover
- Maintenance-free support chambers require no adjustment or refilling
- No initial set-up necessary

Item #	Description
NP753629	75"L x 36"W x 7"H
NP803629	80"L x 36"W x 7"H
NP843629	84"L x 36"W x 7"H
* NP85V29	Custom Care for recessed deck frames
	(see page 19)
* NP80CA29	Custom Care 80" for CareAssist®
* NP84CA29	Custom Care 84" for CareAssist®
60787	80"L x 42"W x 7"H
66914	84"L x 42"W x 7"H
Medicare Approved:	E0373 (Group II)
Weight limit:	Supports up to 500 lbs.
Weight:	Approximately 23 lbs.
Warranty:	5 years, non-prorated (all components)
Flammability:	Conforms to NFPA 101 (Life Safety Code)
	CalTech bulletins # 117, 129, and 603;
	CPSC 16 CFR Parts 1632 and 1633
* Allow up to 10 working	days lead time for this version.
Code) – ASTM E1590; (for conformance to NFPA 101 (Life Safety Cal Tech Bulletin #117 and 16 CFR Parts

¹⁶³² and 1633 by an independent testing organization
